Hi All,
Wanted to pass this along for the records.
Thanks again,
Ryan

Subject: RE: Livingston Bay 20-1461 Amendment Request

Hello Ryan,

Thank you for reaching out on this. Tulalip wishes to accept secondary sponsorship for this project. We will need to obtain a Tulalip Board resolution and obtain chairwoman signature on the eventual amendment if/when Tulalip needs to sign.

Thank you, and please let me know if you have any additional thoughts or questions.

Subject: Livingston Bay 20-1461 Amendment Request

WARNING: This email originated outside of our organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Tulalip Tribes, RCO, and Island Lead Entity,

The Whidbey Camano Land Trust is writing to request an amendment to Livingston Bay Protection and Restoration grant 20-1461, to add the Tulalip Tribes as a co-sponsor to allow the Tribes to take ownership of the Leque and Roberge properties, subject to the restrictions of the grant.

From initiation of this project the Land Trust has sought multiple partnerships, recognizing that we are not the appropriate entity to ultimately restore these properties or own for the long-term. Over the past year plus the Land Trust has worked with the Tulalip Tribes, and received approval from our board of directors to facilitate ownership of these properties by the Tribes.

We request approval of this amendment so that the Land Trust can assign purchase contracts to the Tulalip Tribes, as secondary sponsor, and title to the land go straight to the Tribes. The Land Trust, as primary sponsor, will remain responsible for all other aspects of the project and incur all other costs associated with acquisition and design.

For this amendment process to proceed, the following needs to occur:

1. The Tribes need to respond to this email to confirm they wish to accept secondary sponsorship.

2. The Lead Entity then needs to respond with support of the proposed sponsor change.

3. At that point, RCO and ESRP staff will consider the request and prepare all the amendment material, if approved.

If there are any questions, please reach out to me by email or at 360-222-3272. The Land Trust greatly appreciates the work of our grant managers and the Island Lead Entity in assisting with this important project and facilitating this amendment, and is very excited for this partnership work with the Tulalip Tribes.

Thanks again,
Ryan
