

Appendix G-1: Response to Early Review Panel Comments Form

NOTE: **By the final application due date**, applicants must revise their project proposals using “track changes” and update their PRISM applications and attachments, as needed, to respond to the review panel comments. In addition, this document **must be attached in PRISM as part of their final applications** (unless they received no comments to address). Please label the attachment “*Response to Early Review Panel Comments.*”

PRISM Project Number: 13-1342 PLN _____

Project Name: ICICLE BOULDER FIELD PASSAGE DESIGN _____

Project Sponsor: TROUT UNLIMITED – WASHINGTON WATER PROJECT _____

Directions: Please check one:

☒ **ALL review panel comments have been addressed in the revised application.**

REMINDER: To help speed the local and SRFB Review Panel evaluation process, if for any reason throughout the application review process you update your project proposal based on SRFB Review Panel comments, please make all changes using WORD “track changes” and re-attach your proposal in PRISM. This step will save time and focus the reviewers on the changes.

☐ ALL comments were addressed with the exception of the following: *(and go on to explain your reason for NOT addressing those specific comments.)*
