Project Description	I edited slightly -- was confusing to say the project is in preliminary design phase when you are asking for prelim design funding -- have a look and edit further to correctly reflect the scope of this proposal.
Parties	I added Earthcorps so they are eligible to receive reimbursement for out of pocket expenses and do not need to go through a competitive bid process to work with the City on the project.
Worksites & Properties	Now that the restoration area is taking shape -- you'll need to include all the properties within the proposed restoration area and secure Landowner Acknowledgment forms from each landowner. If the only property you are planning for is City of Edmonds -- then the restoration maps should align.
Property Details	May need more

**METRICS**

Page	Grant Manager Comment
Planning Metrics	Please answer questions for all restoration areas -- if more than the city marsh property is part of the scope.
Overall Project Metrics	Please answer questions for all restoration areas -- if more than the city marsh property is part of the scope.

**APPLICATION QUESTIONS**
