

GOLD CREEK BULL TROUT HABITAT ASSESSMENT AND CONCEPTUAL DESIGN

TECHNICAL WORKING GROUP MEETING

**CLE ELUM RANGER STATION OFFICES
3/31/2015 - 9 AM**

Kittitas Conservation Trust is holding a Technical Working Group meeting to present the draft conceptual designs and memo for the restoration of the lower Gold Creek Valley. The group will review conceptual restoration design alternatives and brainstorm additional options for addressing impacts to bull trout from seasonal dewatering of Gold Creek.

To download the Draft conceptual Designs and Memo go to <http://www.naturaldes.com/filesshare.php> , enter *username: kct* and *password: kct@nsd*. Open the **Gold Creek** folder, then open the **Submittals** folder for the Memo.

Gold Creek Bull Trout Habitat Assessment Technical Working Group Meeting

Review of Conceptual Designs and Memo

**March 31th, 2015,
9:00**
