SEATTLE, WASHINGTON 98124-3755

April 14, 2015

Walter Rung
Senior Ecologist, Habitat Program Manager
Adopt A Stream Foundation
Everett, WA 98208

Dear Walt,

The Seattle District of the U.S. Army Corps of Engineers supports the efforts of the Adopt A Stream foundation to restore stream habitat in the Lake Washington Basin. To further your efforts we are happy to donate large wood debris for the Bear Creek Reach 6 Restoration – Phase II. The wood is collected by the M/V Puget and is temporarily stored at the Hiram M. Chittenden Locks. You would be responsible for the transport of the materials to your site. Please let us know at your earlier convenience when you can collect the wood so that we can make it available for you.

Sincerely,

John A. Hicks
Chief, Navigation Section
