HAZARDOUS SUBSTANCES CERTIFICATION

The King County Department of Natural Resources and Parks, as the recipient of funding assistance as specified in RCO Project Agreement #15-1058, titled Acq, Lower Bear Creek Natural Area Additions, does hereby give assurance that it does not know, and has no reason to know, that any hazardous substance, the release or threatened release of which has resulted in or contributed to the need for remedial action, was released or disposed of, in or at the properties known as Parcel No(s). 312606-9162 that is included in the above-referenced project agreement. The project sponsor further warrants that it has obtained the representations and warranties concerning the environmental condition of the property from the seller hereto attached and has inspected the property to the scope and extent described in the attached Environmental Assessment Report.

Josh Baldi, Division Director
King County Water and Land Resources Division
