Submit Application	<p>Thank you for your work on this FBRB application!</p> <p>You'll see some notes where I made a few adjustments. We'll be able to clarify details as you launch the design process~</p> <p>I attached a blank milestones worksheet to the project in PRISM. Let me know when you've had a chance to download, complete and upload to PRISM (start date is July 1, 2019). Since you are providing match, you can take longer than 18 months, if needed to complete designs.</p> <p>Also, please consider requesting a waiver of retroactivity to preserve eligibility for the land acquisition for future grant rounds. There are a few extra steps to meet for eligibility, but expect that could be worth the effort, as the land is very valuable!</p> <p>Thank you again for your time~ I look forward to working with you!</p>
