PROJECT DETAILS

Parties	Thank you for your work on this application!
	Thanks for removing the WSDOT Ferries from this page, as it pertains to the parties to the future grant agreement.
Program & Project Type	Thanks for updating the project name. If it is ok, I shortened it to Edmonds Marsh Estuary Restoration Design, as fish access and connectivity is part of a process-based restoration.

QUESTIONS

Page	Grant Manager Comment
Project Proposal	Proj. Description: Adjusted your project description a bit to reduce repeats... It isn't clear whether the NFWF grant will be used to fund a portion of this preliminary design work. What are you using that funding for?
	Thank you for the other edits -- appreciate the time you put into this.

METRICS

Page	Grant Manager Comment
Overall Project Metrics	Again, question about the NFWF funding. Will that funding be used to complete a portion of the scope of work? It was unclear in the project description whether that funding is included in the SRFB scope.

CULTURAL RESOURCES

Page	Grant Manager Comment
Cultural Resources	Questions need to be answered. They were all blank -- so I took a crack and answering. Please edit as needed.

PROJECT PERMITS

Project Permits	Thanks for listing.

ATTACHMENTS

Page	Grant Manager Comment
Attachments	Appreciate your efforts, and glad you were able to attach the latest design documents. We do still need a new landowner acknowledgment letter so WSDOT understands you're applying for a new grant. APE map -- Thanks for updating. Am I missing this -- I don't see a Section Township and Range on the page -- which is required.

SUBMIT APPLICATION

Submit Application	Thanks again for your work on this! I'm returning the application for some additional attachments and to allow you to address a few other comments in PRISM application module (e.g., Cultural Resources questions). Please resubmit with updates by the end of the week. Let me know if you have any questions. Thank you!
