Project Name: Peshastin Creek Fish Barrier Removal

IAC Invoice Voucher Number:

1. Reporting period: Contract Start: Project Completion: December 2006

2. Provide a site plan identifying the development completed in this project [2 copies, no larger than 11" x 17" size]. Please date the plans.

3. Did this project include elements as part of a mitigation plan? No ☒ Yes ☐ If yes, explain:

4. Type and number of facilities developed [be specific]: This project provided fish passage through a concrete diversion dam on Peshastin Creek. A roughened channel fish ladder designed by the Bureau of Reclamation engineers was constructed through a section of the dam.

Sponsor Comments:

In October, 2006 an assessment by Natural Resource staff, Washington Dept. Fish & Wildlife, Bureau of Reclamation, Peshastin Irrigation District, Rayfield Const. and the adjoining landowner agreed upon corrective actions required in order for the fish ladder structure to maintain its functionality. Permits were obtained and the contractor completed construction of all the corrective features by December 2006. This project is now considered complete.

I hereby certify that this project has been completed in accordance with the Project Agreement. Further, I certify the completed project is consistent with both the scope of the project approved (as amended) by the Interagency Committee for Outdoor Recreation (IAC) or Salmon Recovery Funding Board (SRFB) and with the
