PROJECT DETAILS

Page	Grant Manager Comment
Contacts	Add a secondary sponsor (Island County) contact person
Worksites & Properties	because culverts on separate streams we recommend a separate worksite for both sites.
Project Location	There is a repeat sentence in the 3rd paragraph "...lack of ..."
Property Details	Is there at least one private property owner included in this project? Please include a separate entry for this private property owner.

QUESTIONS

Page	Grant Manager Comment
Project Proposal	Is there a reason the lawnmower bridge culvert (mentioned in the application) is not considered a third barrier for this project? What is the barrier status of that crossing?
Planning Supplemental	Did you mean to leave this page blank? Understanding if there are barriers above and below the proposed project helps RCO understand if the project metrics are correct and if the project is eligible. Please determine these information by the final application submittal if not sooner.

METRICS

Page	Grant Manager Comment
Planning Metrics	Did you mean to leave this page blank? Please add in the yellow note for Miles of Stream and/or Shoreline Affected distance between barriers, and if 1.0 miles is the measurement to the next upstream barrier or for the whole stream. Given geotech is required during this phase, it is highly recommended that you budget for cultural resource survey.

COSTS

Page	Grant Manager Comment
Planning Cost Estimates	More details are needed on this page.

CULTURAL RESOURCES

Page	Grant Manager Comment
Cultural Resources	The labels for each polygon are confusing. There are two red dots inside one polygon; please create a worksite for each barrier to address this issue.

I retitled the resolution/authorization page as a placeholder since it wasn't signed yet.

An Applicant Resolution/Authorization form is required from both the project sponsor and the secondary sponsor as both organizations will be signing the application.

The cost estimate worksheet needs to be revised to the scope of this project only (planning elements only).

Please include landowner acknowledgement form for landowner with lawnmower bridge.
