### PROJECT DETAILS

Page	Grant Manager Comment
Parties	Recall, Squaxin as a secondary sponsor must sign the project agreement and any project agreement amendments.

### QUESTIONS

Page	Grant Manager Comment
Restoration Supplemental	#1ba does not discuss the Ranch site buffer

### METRICS

Page	Grant Manager Comment
Restoration Metrics	Total Riparian miles of stream bank, which is counted both sides of the stream (C.5.b.1), is stated as 0.25 miles, but between stewardship and planting submetrics, only adds up to 0.20 miles.

### PROJECT PERMITS

Page	Grant Manager Comment
Project Permits	The permits selected seem entirely inappropriate for a planting project. Please add detail to the note about the rationale.

### ATTACHMENTS

Page	Grant Manager Comment
Attachments	<p>Please see Appendix M requirements for the REP for a stewardship project.</p> <p>REP (ranch): missing chapters on adaptive management given the level of mortality, how are efforts going to adapt to improve survival in this dry area.</p> <p>REP (RM 6.5): on map, delineate the 0.5 acres of planting under 20-1090 and remaining acres under 24-1243</p> <p>REP (garden site): missing chapters on adaptive management given the level of mortality, how are efforts going to adapt to improve survival in this dry area. Odd that RM 6.5 is listed as cat 5 listed for temperature but the Garden site downstream is not.</p> <p>Because the one new planting site is less than SPTH on the south side, and on a temperature listed stream, with no exception provided (M18: Appendix K), you will need a letter of support as outlined in Appendix K to be eligible for Riparian Funding.</p> <p>Authorizing Resolution is a placeholder</p> <p>FDCS is a placeholder</p> <p>Landowner acknowledgement form is a placeholder</p>
