Re: Nason Creek Upper White Pine Reconnection

In response to feedback from the State Review Panel regarding the phasing of this project into a design and construction phase, Chelan County Natural Resource Department is proposing to change the nature of the current request from a capital to a non-cap request and reducing the amount of request to \$35,000 to fund a portion of the alternatives analysis being funded by the US Bureau of Reclamation.

Thank you for considering this additional information.
