Last Name:Kolk

Mailing Address:301 Yakima Street, Room 319, Wenatchee, WA 98801

E-Mail Address:skolk@usbr.gov

Description of contribution to project:Reclamation has committed to funding a full alternatives evaluation at this site for the project's ability to meet the goals of process and habitat rehabilitation identified in Reclamation's Nason Creek Tributary Assessment and Upper White Pine Reach Assessment. This alternatives evaluation will include site investigation, data collection, development of appraisal-level options, presentation of technical results, identification of a preferred alternative, refinement of the preferred alternative, and an Alternatives Evaluation Report.

Reclamation will then fund development of final designs and specifications for construction of the preferred alternative. Following that, Reclamation will fund design support during construction and construction observation, and post construction hydraulic function and maintenance monitoring.

Reclamation's funding commitment is contingent upon passage of the Agency's FY 2010 and subsequent appropriations budgets. This project has been identified as a high priority for Reclamation, and as such receives priority from a funding standpoint.

Estimated value to be contributed: \$285,000
