Jeff McLaughlin			
	Sheet 7	Show start of schedule B.	<i>Incorporated as requested.</i>
	All sheets	For large pipe can several 11 1/4 degree fittings be replaced by fewer 22 degree fittings	<i>Incorporated as requested.</i>
	Sheet 8	Show start of schedule B	<i>Incorporated as requested.</i>
	Sheet 8	No air valve shown downstream of gate valve	<i>Air vent moved downstream of gate valve.</i>
	Sheet 11	Why transition to HDPE pipe for drop from station 135 +00 to 138 +50 can pipe remain PVC and avoid transitions	<i>HDPE is needed for installation in existing pipe because existing pipe has bends. HDPE is flexible.</i>
	Sheet 13	Change label to read installation at existing "steel" pipe	<i>Incorporated as requested.</i>
	All sheets	Dimension length of sediment basin	<i>Length is shown. Sediment basin detail has been revised.</i>
	Sheet 15	Narrow stoplog slots to tighten fit.	<i>2" X 2" stop log guides have been provided.</i>
	Sheet 15	Air vent should be down stream of gate valve	<i>Air vent moved downstream of gate valve.</i>
Jay Hovde			
	All sheets	Contours to light	<i>Contour lineweight have been adjusted.</i>
	All sheets	Show construction easement if any exist	<i>Clearing limits shown.</i>
	All sheets	Adjust contours labels to not overlap drawing text	<i>Contour labels have been adjusted.</i>
	All sheets	Specify whether turn out was connecting to PVC , HDPE , or corrugated HDPE	<i>Incorporated as requested.</i>
	All sheets	Show locations where vertical thrust blocking is required.	<i>We do not anticipate vertical thrust blocking.</i>
	All sheets/ Details	Consider numbering details and referencing them on plan sheets	<i>Details not numbered to be consistent with previous submittals to USBR.</i>
	Sheet 2	Typo in standard civil notes: # 3	<i>Corrected.</i>
	Sheet 3	Exciting bridge crossing/ removal not shown on profile, station 19 +00	<i>Crossing labeled.</i>
	Sheet 4	Drive crossing not labeled.Roughly station 44 +25	<i>Crossing labeled.</i>
	Sheet 5	Road and driveway crossing not labeled	<i>Crossing labeled.</i>
	Sheet 8	Slope not indicated on pipe	<i>Slopes have been added.</i>
	Sheet 9	Crossing not labeled, cover appears less than minimum in some areas	<i>Crossing labeled. Minimum cover checked.</i>
	Sheet 10	Slope not shown for pipe. One turnout not labeled. Some stationing rotated inconsistently	<i>Slopes have been added. Turnout has been called out.</i>
	Sheet 11	Crossing not labeled	<i>Crossing labeled.</i>
	Sheet 12	Not all details appear to be to scale. Consider note "not to scale".	<i>Details labeled "Not to Scale", as suggested.</i>
	Sheet 15	Is handrail required on top of flow control structure	<i>No. Height of flow control structure has been reduced.</i>
	Sheet 14,15 & 18	Show reinforcing on concrete structures.	<i>Reinforcement has been called out.</i>
	Sheet 17	Pipe diameter incorrectly called out	<i>Corrected.</i>
	Sheet 18	Appears incomplete.	<i>Completed.</i>
J.McLaughlin Spec Comments			
	Section 01110-1	Section 1.03 Paragraph C; use below the bridge spec paragraph here	<i>Incorporated as requested.</i>
	Section 01110-1	Section 1.04a ; Change April 15 2009 to 2010	<i>Incorporated as requested.</i>
	Section 01110-2	Section 1.04c; Delegate last sentence	<i>Deleted as requested.</i>
	Section 01110-2	Section 1.05a; Item 18 assume reveg. work by others, check with county	<i>Input still required from County and PID.</i>
	Section 01330-3	List of submittals RSN 01721-1 Survey, recommend delegating submittal.	<i>Minimal survey submittal included, per review with County.</i>
	Submittal Table	Match submittal table to phone conversation regarding testing ext.	<i>Submittal table revised per review with County.</i>
	Section 01420-1	Section 1.03 Delete a & b.	<i>Deleted as requested.</i>
	Section 01452-1	Section 1.03 & 1.04 revise to reflect previous discussions	<i>Revised as requested.</i>
	Section 01452-4	Revise table.	<i>Revised as requested.</i>
	Section 01563-1	Section 1.01; not sure payment required for this item.	<i>Included as bid item per review with County.</i>
	Section 01721-1	Section 1.02; no submittals required, section 1.01; change payment paragraph to cost paragraph.	<i>Surveying kept as bid item per review with County.</i>
	Section 01781-1	Section 1.02; Confirm as built procedures with county.	<i>As-built procedures reviewed with County.</i>
	Section 02232-1	Section 3.01c; Recommend changing 3 feet to 1 foot.	<i>Change made as requested.</i>
	Section 022317-3	Section 1.06; Reduce & rewrite per phone conversation.	<i>Revised per review with County.</i>
	Section 02318-2	Section 1.06; Reduce & rewrite per phone conversation.	<i>Revised per review with County.</i>
	Section 02621-1	Section 1.02b ; Suggest 24 inch pipe be lump sum item vs.. linear foot	<i>Bid item changed to Lump Sum.</i>
	Section 02621-23	Section 1.05a ; Reduce all 5 submittals to only number 4, manufacturer's installation instructions	<i>Submittal requirements reduced as requested.</i>
	Section 02622-2	Section 1.05a; delete all submittals.	<i>Submittal requirements deleted as requested.</i>
	Section 02623-2	Section 1.05a; recommend delete submittals, eliminate fusion welding of pipe if suitable replacement exist, expensive to mobilize gear for such short length.	<i>Submittal requirements reduced. Fusion welding required for installation of HDPE pipe in existing steel pipe.</i>
	Section 02631-1	Section 1.04a; Confirm need for submittal with county	<i>Submittal requirement confirmed with County.</i>
	Section 02710-2	Section 3.01b; Delete of complete section b.	<i>Deleted as requested.</i>
	Section 02930-3	Section 2.01c; Confirm seed mix with county, is seeding by contractor or others	<i>Input still required from County and PID.</i>
	Section 02930-3	Section 3.02a; Change owner to contracting officer	<i>Change made as requested.</i>
	Section 03300-3	Section 1.05a; Delete submittal #1 and maybe submittal # 3	<i>Revised as requested.</i>
	Section 03300-3	Section 1.07; rewrite section to reflect county testing contractor to provide two field cylinders	<i>Revised as requested.</i>
	Section 3300-11	Section 3.07 can leakage test be eliminated.	<i>Leakage testing not eliminated per review with County.</i>
	Section 05500-2	Section 1.05; qualification of welders, recommend eliminating section or changing to previous experience	<i>Revised as requested.</i>
